

# Volunteers needed

The success of our local services is down to our volunteers and staff working in partnership. The commitment and passion of our volunteers mean that across the country we are able to support almost 31,000 people per week.

We would be delighted to hear from you if you would like to volunteer your time and make a difference to people affected by dementia locally.

You can help by

- Supporting local staff in running services and activities.
- Raising funds to support local services.
- Providing advice to us on local development and new services in the local area.

Alzheimer's Society operates in England, Wales and Northern Ireland.

## Supporting people with dementia, their families and carers locally

**Somerset and Dorset**

## Our service is free and confidential

We offer:

- Support for carers.
- Support for people living with dementia.
- Information about benefits and other services to aid independence.
- Memory café for people living dementia and their carers.

## Alzheimer's Society Somerset and Dorset supports people locally

- **Memory Cafe** for people living with dementia, their carers and families. These are a valuable opportunity for people facing similar challenges, to share their experiences and support each other. The café provides an opportunity to take part in shared activities and good friendships often develop.
- **Information and support for carers** on how they can help maintain the independence of people with dementia at home.

## Alzheimer's Society

Alzheimer's Society is the UK's leading care and research charity for people with dementia and those who care for them.

There are 700,000 people with dementia in the UK, with numbers set to rise to one million by 2025.

Alzheimer's Society provides information and support for people with all forms of dementia and those who care for them. It runs quality care services, funds research, advises professionals and campaigns for improved health and social care and greater public understanding and awareness of dementia.
